## SINAN ESTATE

Ameday Tech is proud to have designed and developed **Sinan Real Estate's website** from the ground up. This sleek, user-friendly platform perfectly reflects Sinan's expertise, offering seamless navigation and an enhanced digital experience. Through this collaboration, **Sinan Real Estate** strengthens its online presence, elevating client engagement to new heights.

# AYDOO

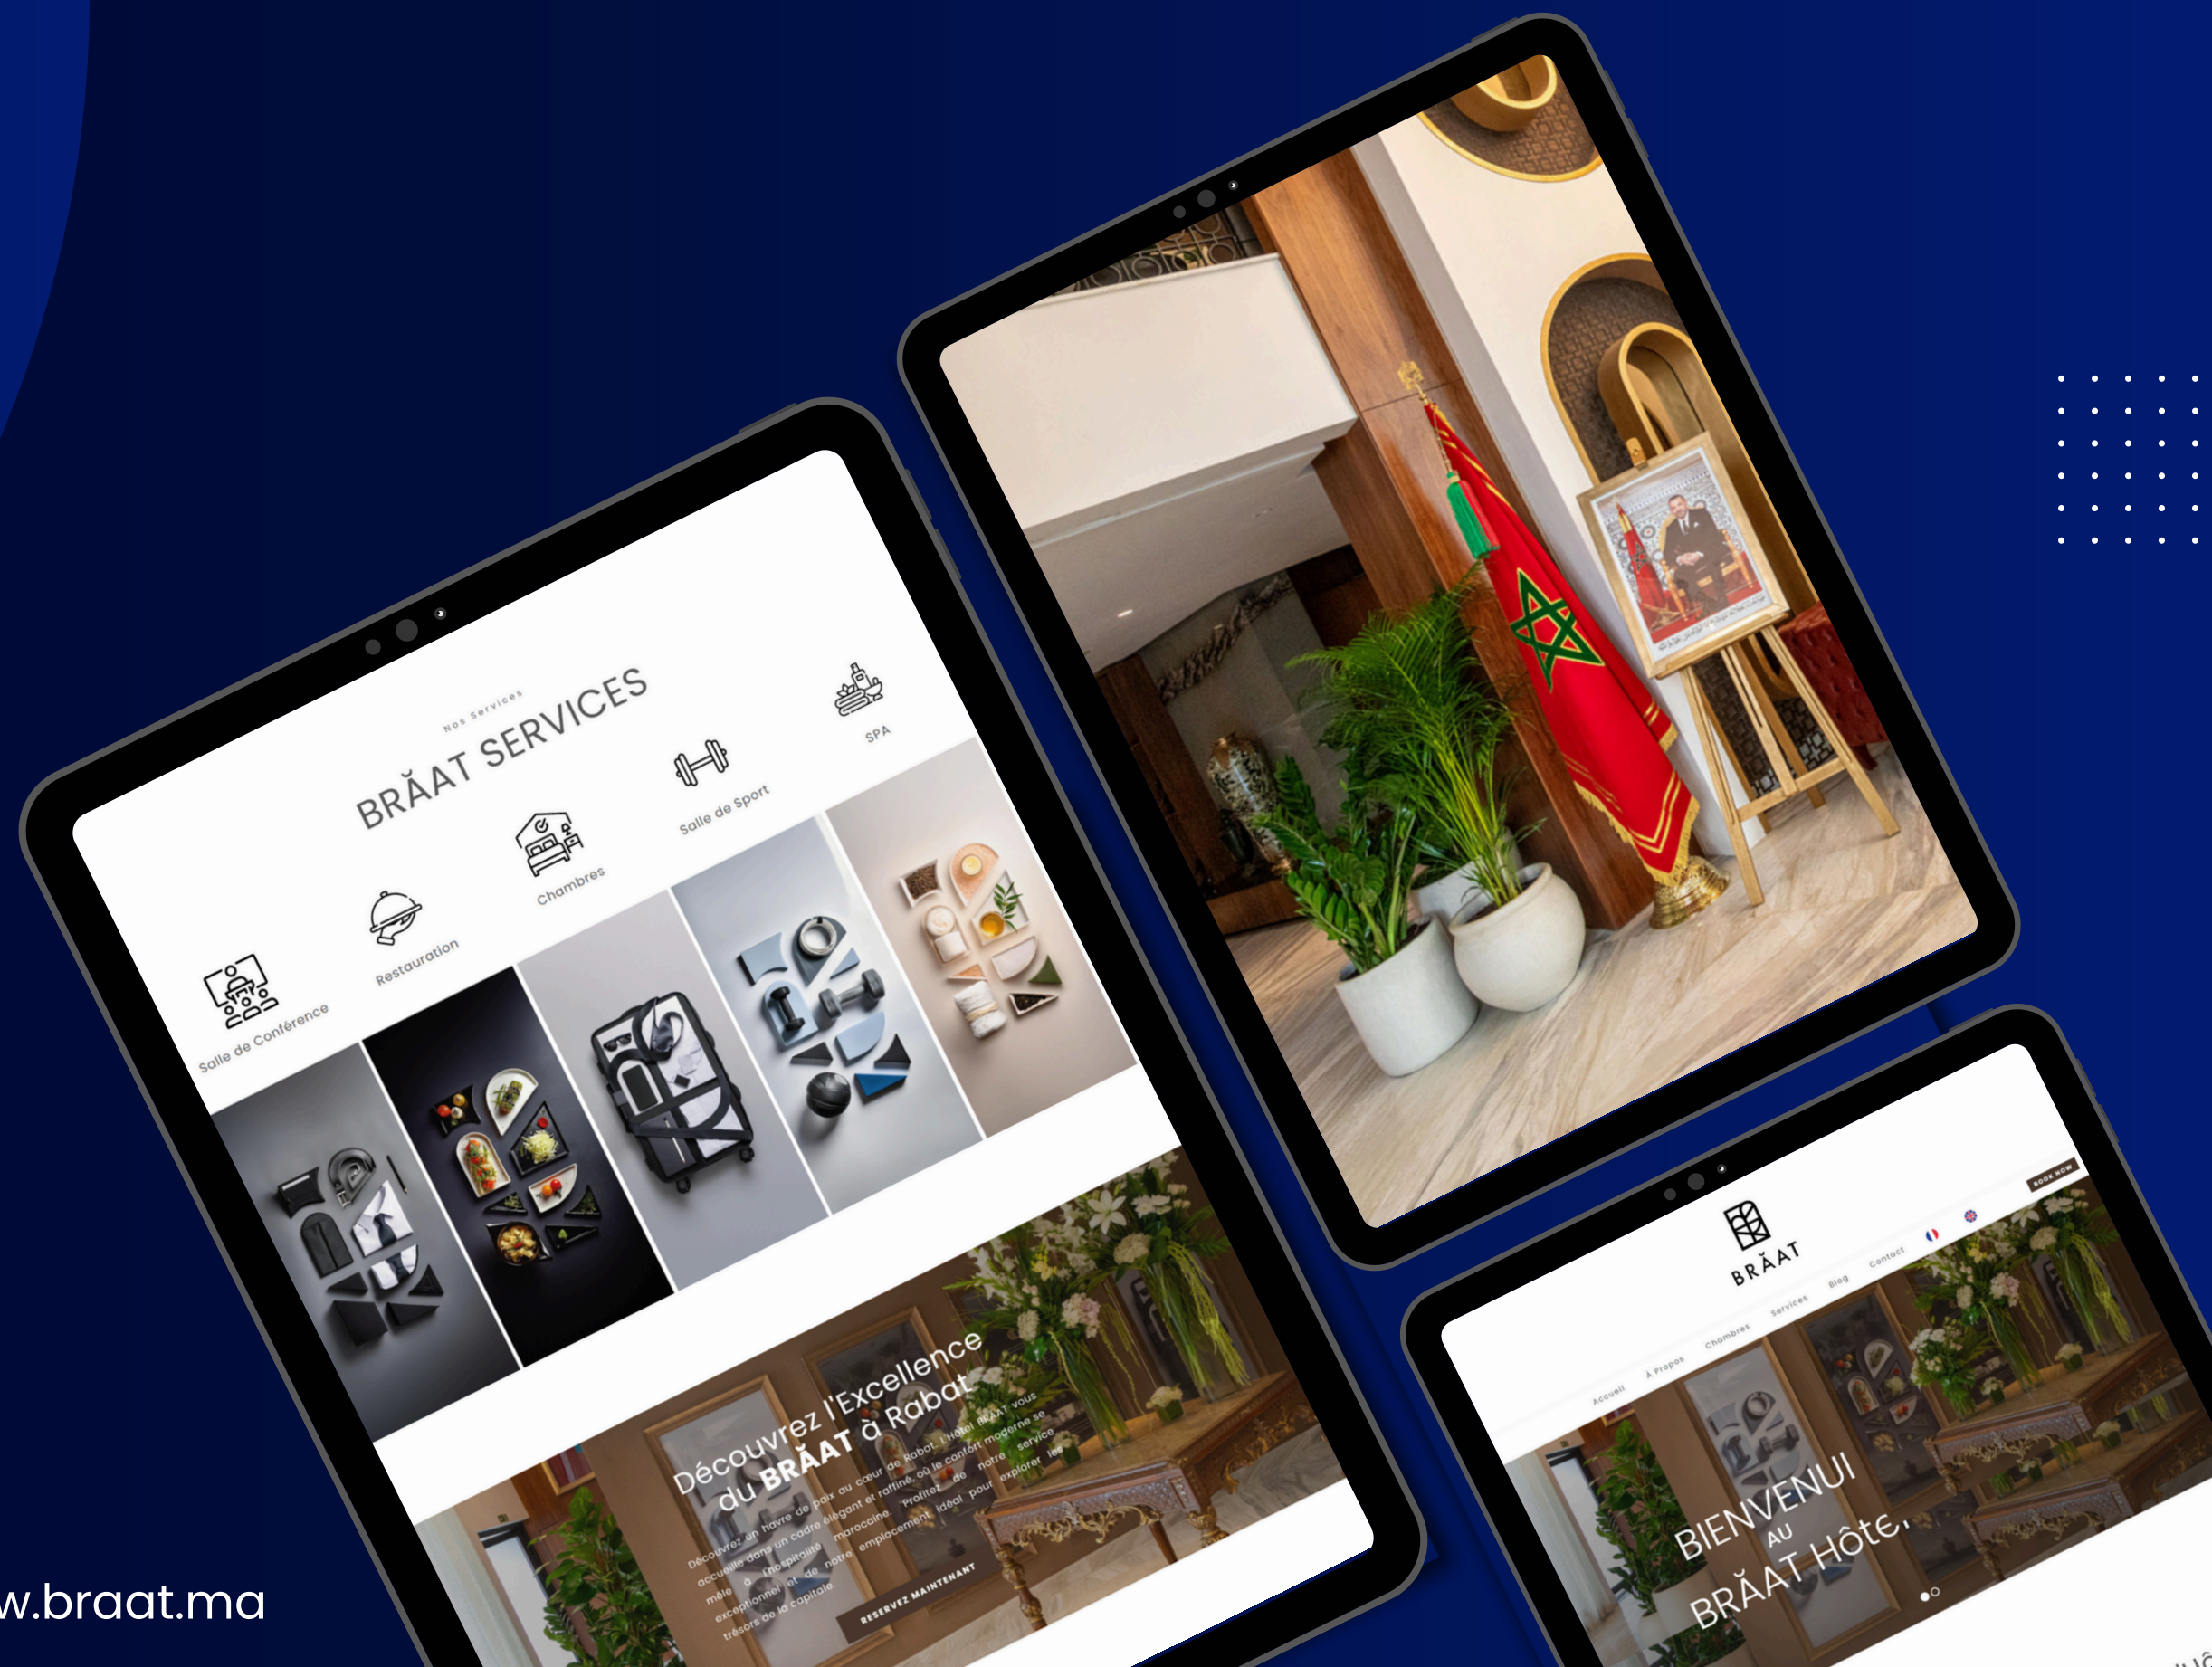

As part of a collaboration with **Advenix**, **Ameday Tech** had the honor of designing and developing the official website of **AYDOO**, a company specializing in the deployment of high-performance ERP solutions. Leveraging the power of Odoo, AYDOO offers an intuitive and fully customizable platform that enables businesses of all sizes to optimize the management of their sales, purchases, accounting, and inventory.

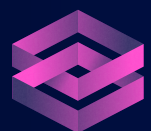

# BRÄÄT HOTEL

In 2024, **Ameday Tech** was entrusted with developing the website for **Braat Hotel Rabat**, a prestigious establishment combining luxury and refinement. Designed to provide a seamless and immersive user experience, the website showcases the hotel's elegance through a sleek design, high-quality visuals, and intuitive navigation. With advanced SEO optimization and multi-device compatibility, the platform ensures optimal visibility and flawless accessibility for visitors worldwide. This collaboration reflects Ameday Tech's commitment to delivering high-performance, tailor-made digital solutions for the hospitality industry.

# BEZAAT

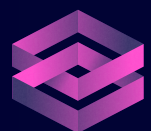

**HSinfini** took on the **Bezaat** project for search engine optimization after the website experienced a significant decline, losing more than half of its traffic. Following this, **AmedayTech - HSinfini** - took over the project with the goal of not only recovering the lost traffic but also driving exponential growth in traffic over time.

# BRITISH ACADEMY

**New British Academy** strives to provide students with high-quality education, founded on core principles shared by all key pillars of our society. We emphasize values such as rigor, continuous academic progress, & exemplary discipline. The development and migration of the school's website were expertly handled by **Ameday Tech**, ensuring a seamless and efficient digital presence.

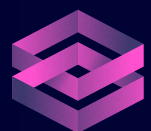

# OPTI PADEL

The **OptiPadel** website was designed and developed by **Ameday Tech**, providing a modern and intuitive platform that reflects the brand's expertise. **OptiPadel** is a new company specializing in the installation of padel courts, and they trusted Ameday Tech to create a digital presence that matches their innovative approach. This collaboration strengthens OptiPadel's online visibility and ensures an optimal customer experience.

# LOOKMA

The collaboration between **Lookma**, located in Rabat Center, and **Ameday Tech** - formerly **Hsinfini** - has been key to strengthening the brand's digital presence. Ameday Tech developed Lookma's website, creating a seamless, modern, and user-friendly platform that effectively showcases its offerings. This ongoing partnership ensures a strong and dynamic online experience, enhancing Lookma's visibility and customer engagement.

www.lookma.ma

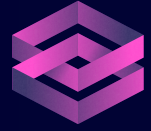

# ENKYOS

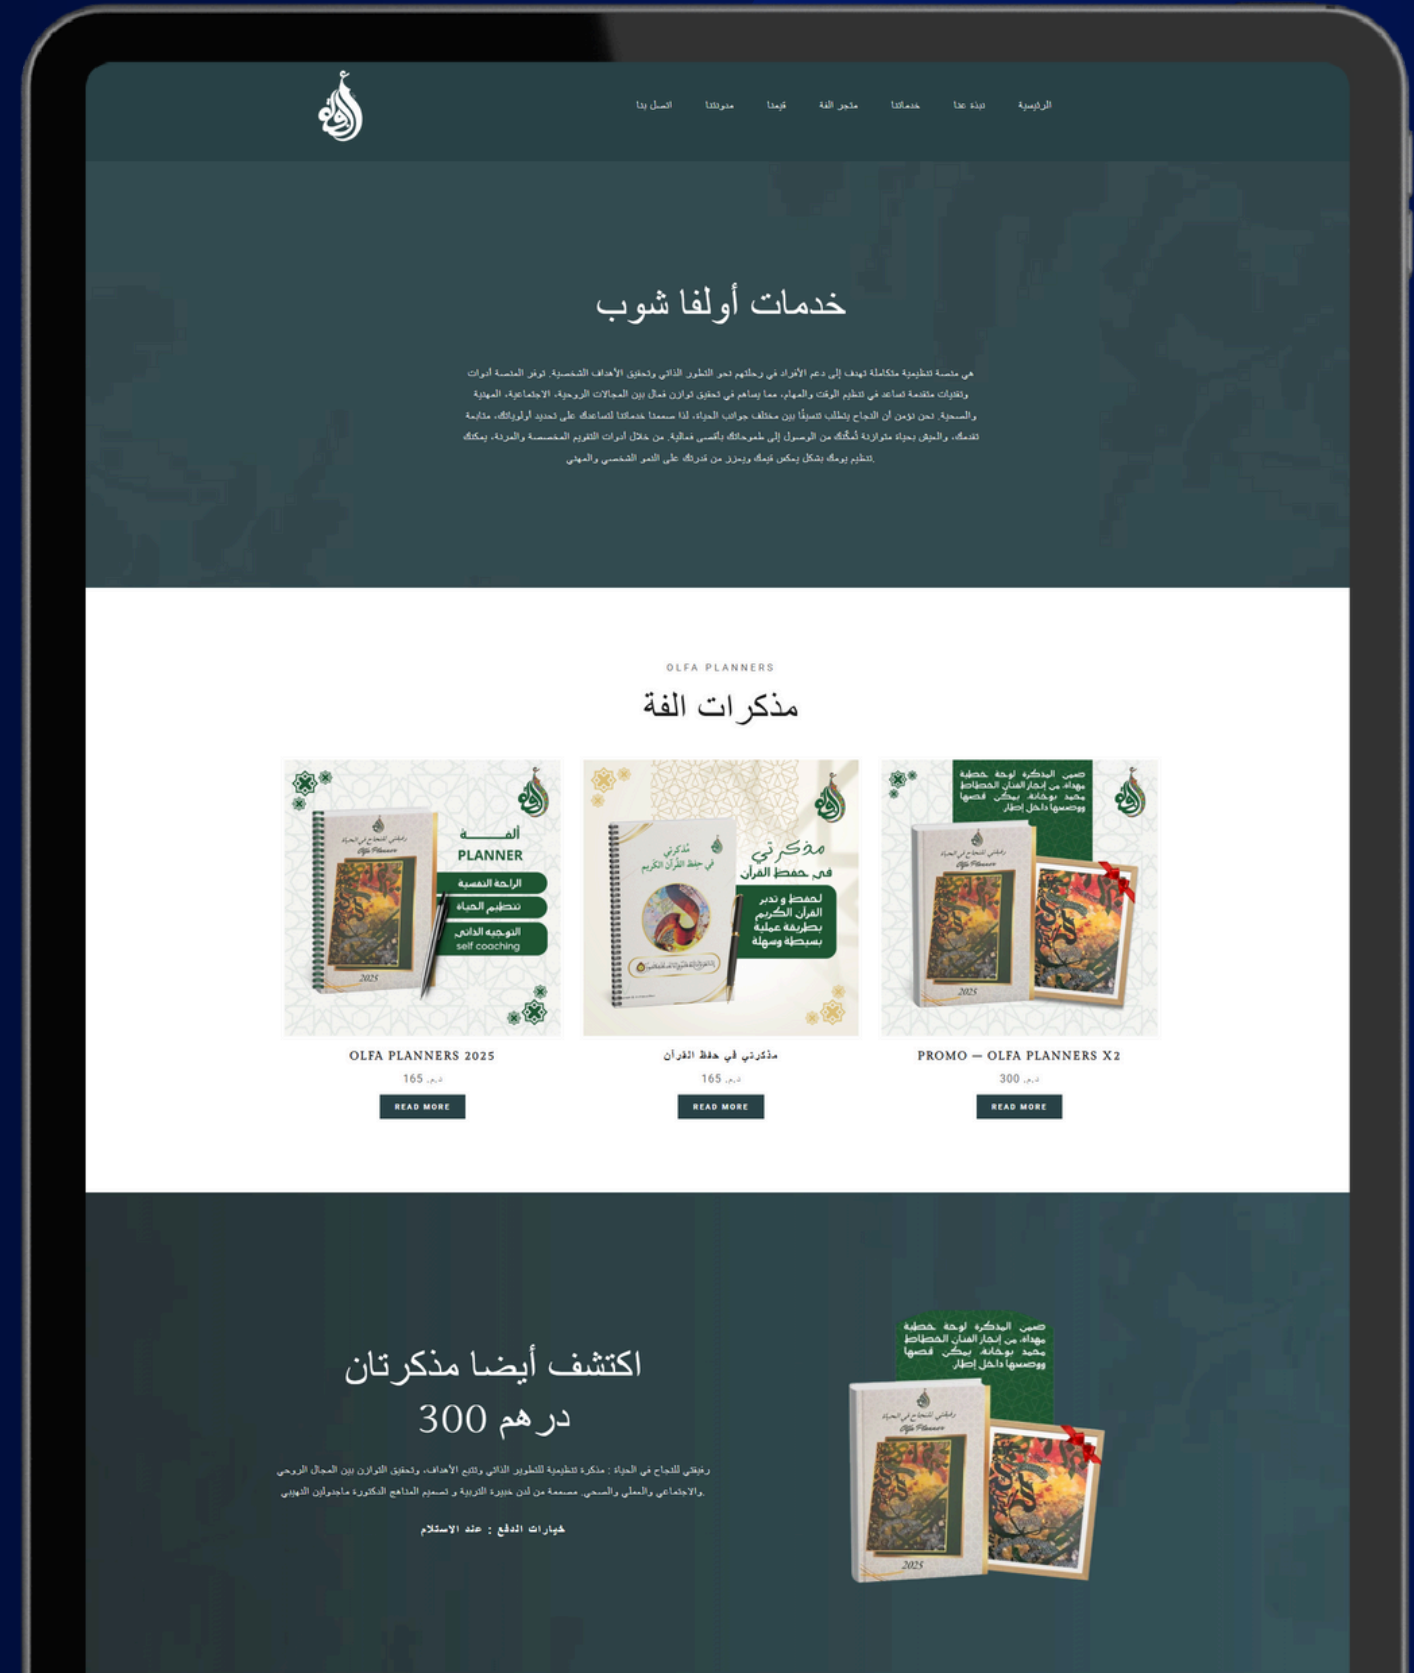

**Ameday Tech** collaborated with **Enkyos** in two phases : First, developing a modern website for Enkyos Center, Morocco's first multidisciplinary center for pregnant women, then, implementing an automated appointment system. Managed by a midwife with 23,732 natural deliveries, the center now combines expertise with digital efficiency.

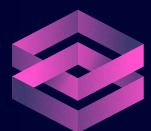

# OLFA PLANNERS

**OLFA Planners** is an integrated organizational platform designed to support individuals in their journey toward personal development and achieving personal goals. The site has been managed by **Amedaytech**, featuring a dashboard that allows users to track sales, visitor engagement, and more.

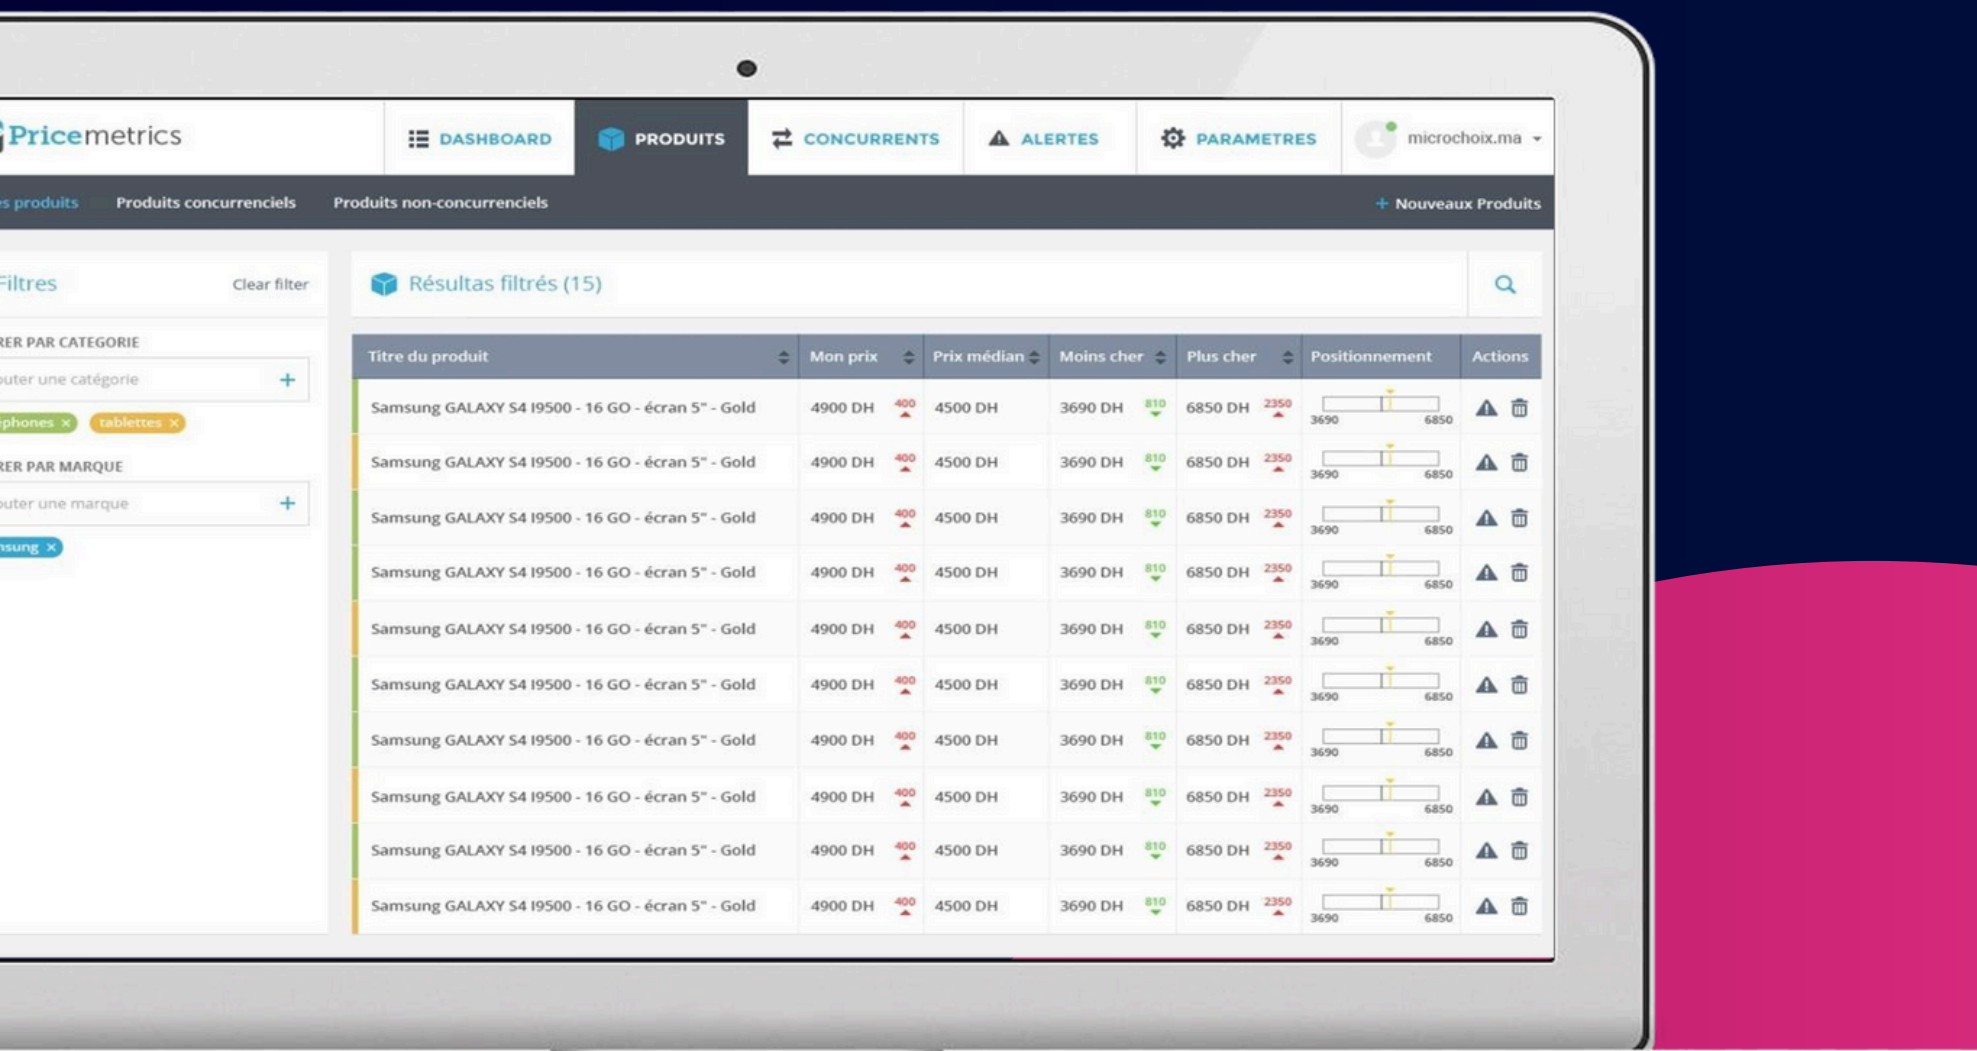

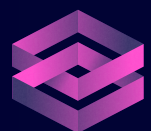

# INSPIRA INSTITUTE

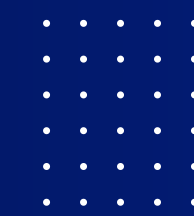

**INSPIRA** is an academic and professional guidance institute that helps you maximize your chances of admission to the school of your dreams and prepare for the ideal career. Originally developed in 2017 by **HSinfini**, the website has since transitioned to **Ameday Tech** for ongoing improvements and growth.

# PRICEMETRICS

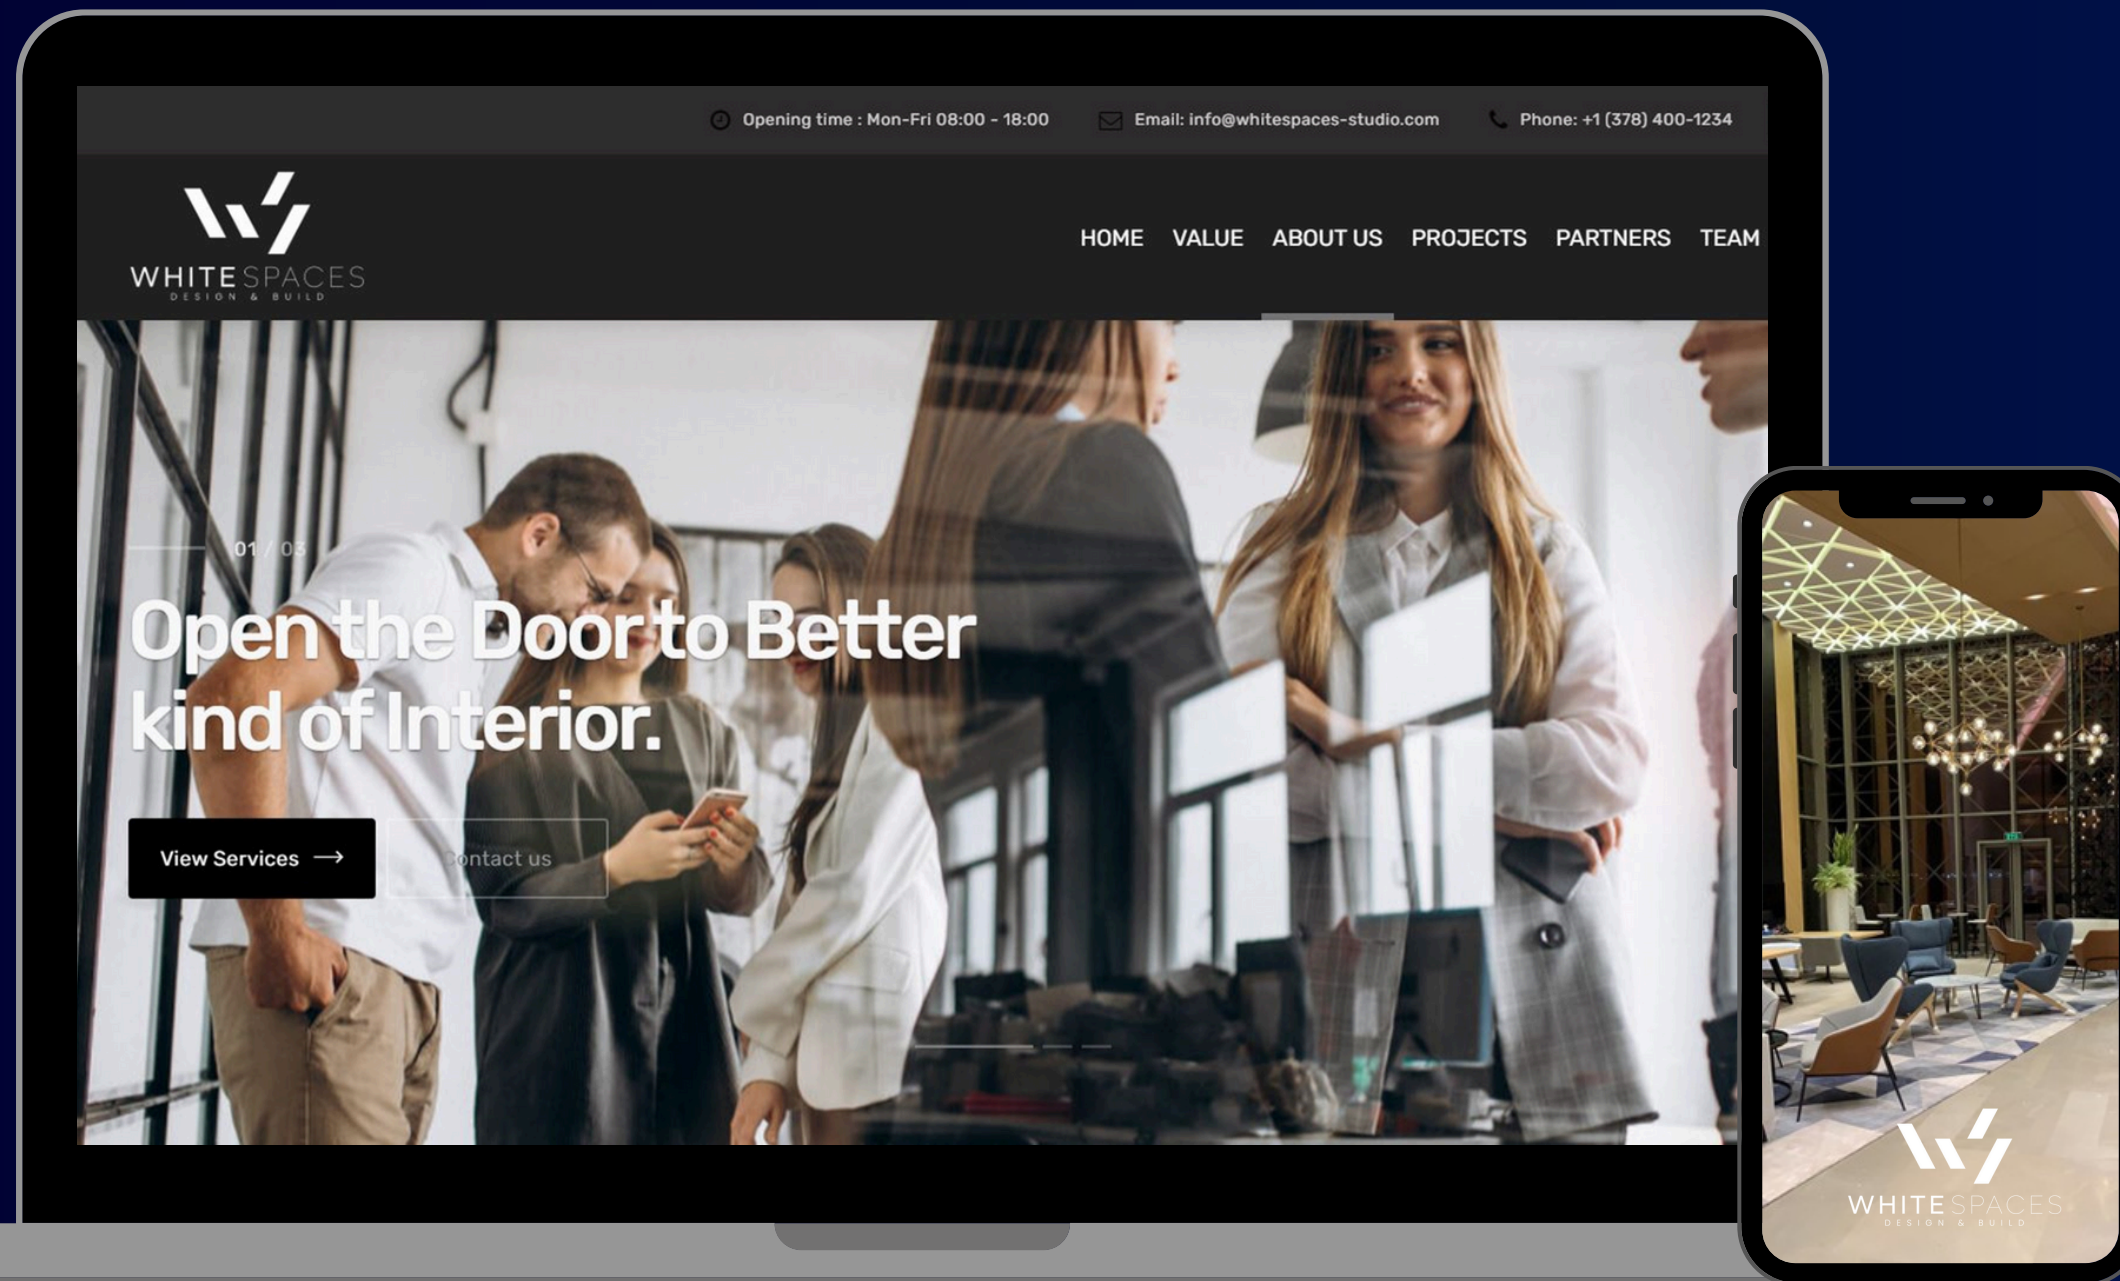

Meet **Pricemetrics** – The **Cloud** based market intelligence SaaS designed to keep e-commerce businesses one step ahead of the competition. With real-time data and smart insights, it empowers you to make strategic pricing decisions and stay ahead in the market.

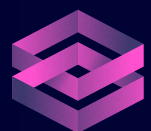

# WHITE SPACE

**White Space Studio** provides optimized design solutions for interior spaces, identifying the most efficient use of space to meet the needs of both corporate and individual clients. Its approach focuses on creating a visual ambiance that perfectly aligns with each client's core values. **Ameday Tech** handled the development of its website and the creation of its portfolio, ensuring an elegant and functional digital showcase to highlight its expertise in interior design.

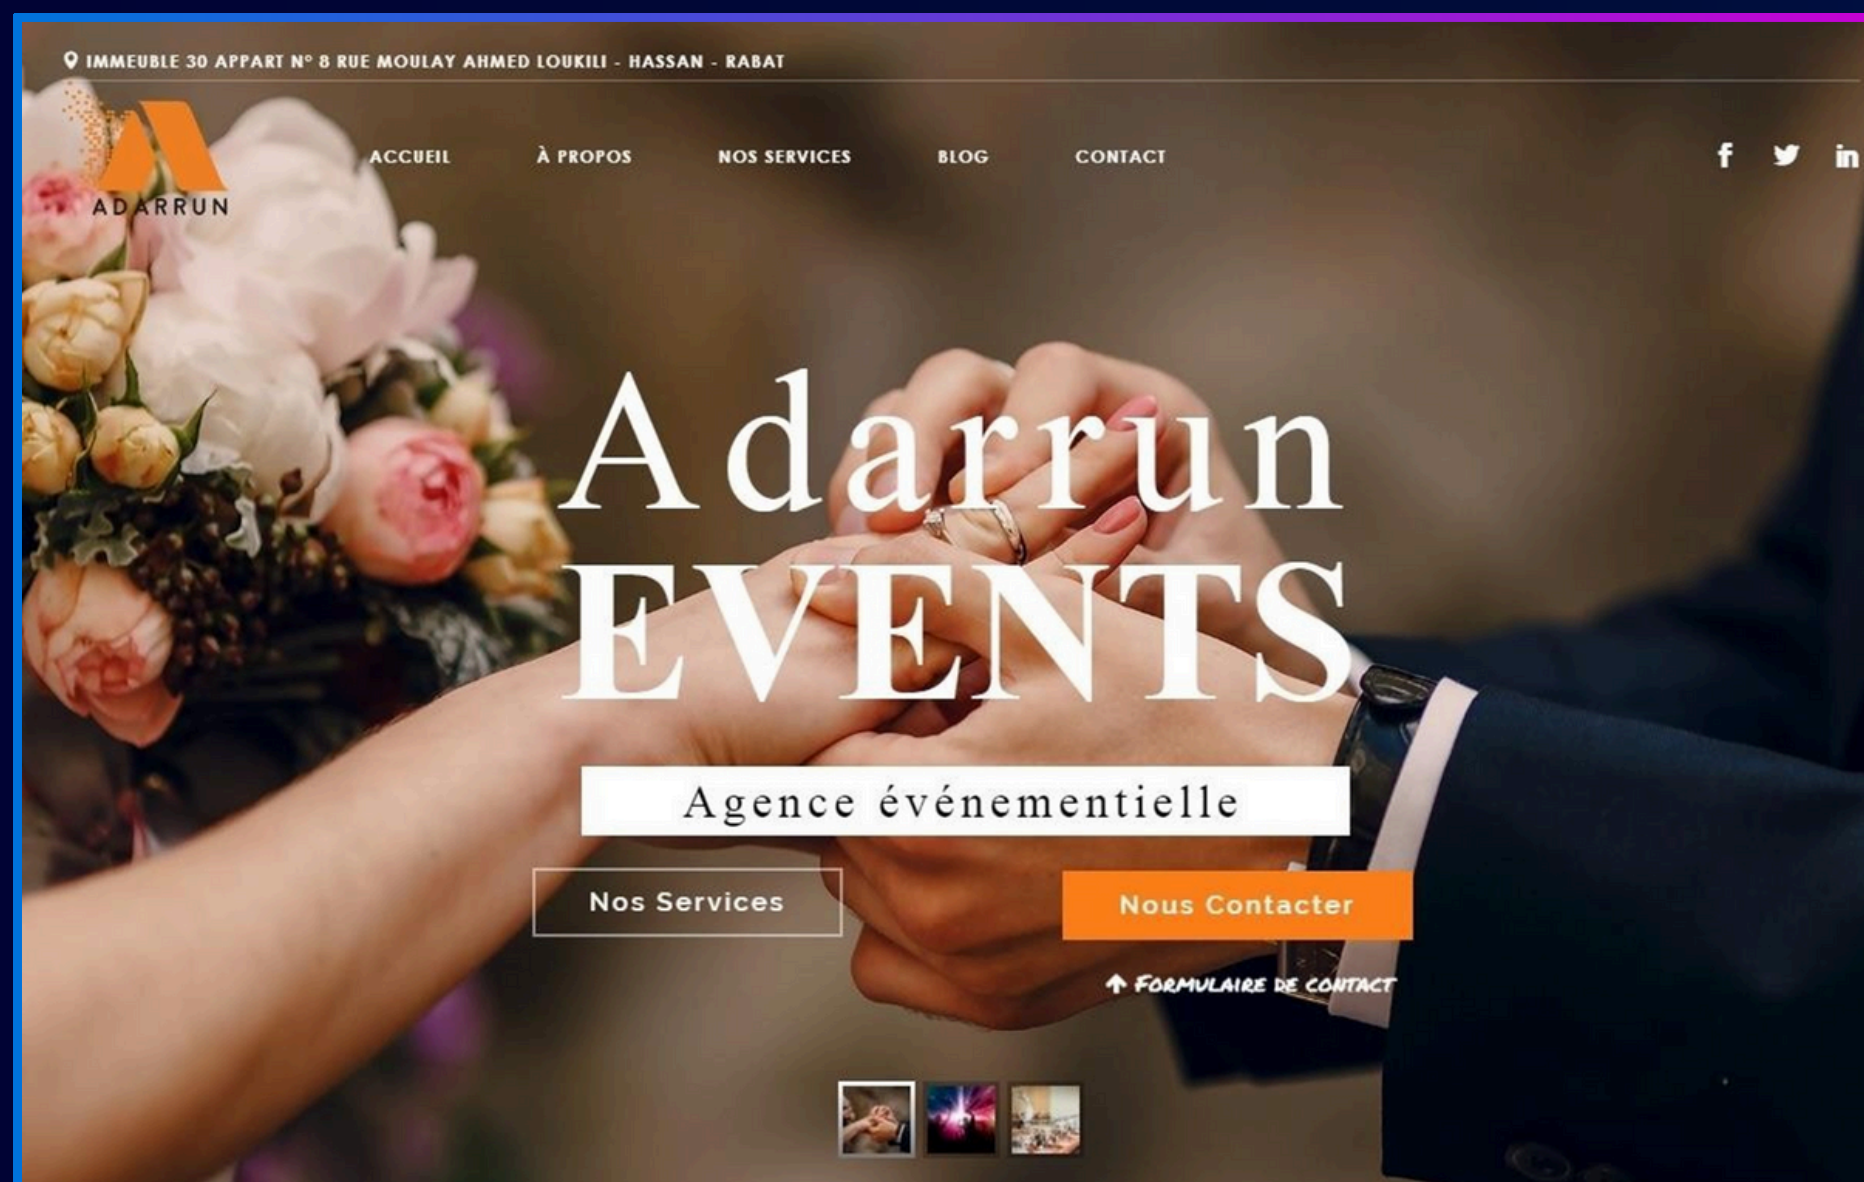

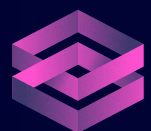

# PRODENTIST

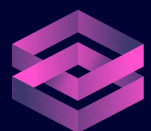

**PRO DENTIST** is an innovative application designed to meet the needs of dental surgeons in patient management. It offers an intuitive interface and advanced features that allow for the centralization and efficient organization of medical records, appointments, prescriptions, and treatment follow-ups. Developed by **Ameday Tech**, this technological solution ensures a smooth and secure experience, optimizing the daily management of dental clinics while enhancing the quality of care provided to patients.

# ADARRUN

**Adarrun** is an event agency specializing in the design and complete organization of events such as galas, product launches, inaugurations, weddings, anniversaries, seminars, and more. What sets us apart is our focus on understanding your unique needs and desires to craft a personalized and unforgettable event. We'll create an innovative, creative experience that reflects your vision and brand identity.
